From the Secretary's Desk

I received a letter from Boat US, last Tuesday night, President Bush signed into law "The Clean Boating Act of 2008," which gives recreational boats a permanent exemption for the court imposed EPA discharge permit.

I thank all boat owners who helped in creating this victory for boating. Boaters' were there to push the legislation further down the path toward successful passage. Members of Congress were contacted and it helped them understand the importance of boating in our lives. Thank you for your support. Enjoy your summer on the water!

This is an exert from Margaret Podlich, Vice President of Government Affairs and Boat US.

It's almost that time for National Marina Day, August 9th. Sandy and Wayne, have a dunk tank and a cotton candy machine, with approximately 150 funnels for the cotton candy. Chris Fields at Fox 13, who does the Chris's Crafts segment; she's been invited with the news staff to join us on National Marina Day to have some fun and food.. Shorty started a blog , which is attached to this letter. Check it out at <http://community.myfoxtampabay.com/blogs/shorty62/2008/07/31/>
